**GAP Unit At:** Bandhuwadih

**Experience about the GAP Project:**

MY name is MOHAN BEDIA, Vill-BANDWADIH , PANCHAYAT – SURSU, P.O – TATI, BLOCH – ANGARA , RANCHI JHARKHAND. Our center is situated 50 k.m from R.K.M MORABADI

The poor children of the village were weak in studies earlier but now all the children are able to read any book on their own , Different subjects are taught everyday & examination are also taken every month.

Everyday sports are organized for all the children in the center in which they can participate in any sports like football, hockey , cricket, kabaddi, volleyball etc . In this way happiness is being seen in children.

When there is any competition like studies, sports or any other program. children go ahead & participate in all of them .

My name is Puspa kumari. I have got the opportunity to serve as teacher in charge at GAP CENTER BANDWADIH .

All the children of our center study in the govt . school of the village . Due to lack of proper education in govt. school so there is a lack of enthusiasm of children towards education . Keeping this in mind , secretary Maharaj ji has opened GAP CENTER in our village so that the children get the enthusiasm for education .

From time to time competition like music, yoga , Dance , Drama etc are organized in our center . Children whose presentation is good are rewarded by the center.
